"WORK DONE WHEN PROMISED"

Maysville Printer's Motto Gets Big Job From Distant City

Thomas A. Davis the Maysville Job Printer this week shipped to a Texas city a completed order consisting of 10,000 letter-heads, 10,000 envelopes, 2,000 statements, 5,000 billheads, 10,000 large tags, 20,000 small tags, 6,000 small cards and 20,000 large cards. With exception of the small tags, all items were in two colors—the entire order requiring 146,000 impressions. The stock used was high-grade throughout, and when it is considered that Mr. Davis secured the order over a number of competing bidders, it speaks pretty well for the Maysville Printer Man.

Laxative for Women Free

There is a great difference in the purposes to which a laxative should be put. Tablets and pills, salts, etc., are usually violent purgatives or cathartics, and altogether too powerful for the average person.

A woman at all times needs only a mild laxative—in fact, none other is needed by anyone, weak or strong though they may be, for the object is simply to move the bowels, and if a gentle laxative will do it, what is the use of a violent one?

Dr. Caldwell's Syrup Pepsin has earned a well-deserved vogue among women and children and old folks—people who must necessarily be careful of what they take.

It is a liquid laxative tonic and admittedly the greatest stomach, liver and bowel remedy before the American people. The price is only 50 cents or \$1 a bottle, as it comes in both sizes, and all druggists sell it.

Its pleasant taste and gentle action make it an ideal remedy for women in constipation, torpid liver, sour stomach, sick headache, heartburn and such like digestive complaints. Its use for a short time will remove the trouble entirely so that future medication will be unnecessary.

Its tonic properties build up the stomach and intestinal muscles so that they act naturally again. That this is so is the experience of many heads of families, like Mrs. Brannan, of Alvarado, Va., Mrs. K. L. Stout, of Louisville, Ky., and numerous others; in fact, way out in Williams, Cal., as Mrs. J. E. Blackmore, of that place, writes, the whole town seems to be using it.

If the remedy is new to you and you want to make a trial of it before buying, send your name to the doctor's address as below and a free test bottle will be sent you. Then, if results are satisfactory you can buy it of your druggist.

If there is anything about your ailment that you don't understand, or if you want any medical advice, write to the doctor, and he will answer you fully. There is no charge for this service. The address is Dr. W. B. Caldwell, 507 Caldwell bldg., Monticello, Ill.

DOCTOR ADVISED OPERATION

Cured by Lydia E. Pinkham's Vegetable Compound

Paw Paw, Mich.—"I suffered terribly from female ills, including inflammation and congestion, for several years. My doctor said there was no hope for me but an operation. I began taking Lydia E. Pinkham's Vegetable Compound, and I can now say I am a well woman."

Another Operation Avoided. Chicago, Ill.—"I want women to know what that wonderful medicine, Lydia E. Pinkham's Vegetable Compound, has done for me. Two of the best doctors in Chicago said I would die if I did not have an operation, and I never thought of seeing a well day again. I had a small tumor and female troubles so that I suffered day and night. A friend recommended Lydia E. Pinkham's Vegetable Compound, and it made me a well woman."—Mrs. ALVENA SPERLING, 11 Langdon St., Chicago, Ill.

Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has proved to be the most successful remedy for curing the worst forms of female ills, including displacements, inflammation, fibroid tumors, irregularities, periodic pains, backache, bearing-down feeling, flatulency, indigestion and nervous prostration. It costs but a trifle to try it, and the result has been worth millions to many suffering women.

BRITISH TRAMWAYS.

They Are Really Losing, Not Making, Money.

Accurate Bookkeeping Shows Claimed Profits to Be Fictitious—Losses Must Be Met by Increased Taxes—Frequent Changes in Corps of Employees Give Evidence of Labor Troubles.

In his pamphlet, supplementary to the report of the committee of the National Civic federation on municipal ownership, Mr. J. W. Sullivan gives many facts of importance which were either not admitted to that report because of the objection of M. O. members of the committee or have come to light since that report was compiled. Among these is an account brought nearly to date showing how the claimed profits of the municipal tramways of London have been transformed by proper bookkeeping into heavy losses.

"London, which when our commission visited it two years ago had officially municipal ownership in full swing, has undergone a popular revulsion against it. In the twenty-eight boroughs hardly enough municipal ownership councillors remain to maintain a discussion. In the London county council also the Socialist-Progressive majority has disappeared, and the opposition is carefully looking into the true financial condition of the municipal ventures so hopelessly launched in the heyday of optimistic municipalism.

"If there was any one scheme which seemed to its supporters certain of great profits it was that of the London county council tramways. Its outcome to the present time may be taken as a criterion of the very best that rampant municipalization in London has given to the world. And what actually is the result?

"At a meeting of our committee of twenty-one at St. Ermin's hotel, July 3, 1906, to hear leading representatives of the municipal ownership movement in Great Britain, Mr. T. McKinnon Wood said of the county council's tramways: 'The total capital is \$4,818,000. This includes the purchase money. The sinking fund is about \$450,000. Of the \$4,818,000 capital we have paid off \$907,000, and of that \$907,000 about \$450,000 is sinking fund. We have also put a sum of \$290,000 to relief of rates.'

"But, alas, on March 28, 1908, a special report on the tramways, made by the president of the Institute of Chartered Accountants and others, was laid before the county council. In brief it showed that the £293,592 that had been applied 1897-1904 in relief of rates ought to have been applied to making up a loss exceeding £1,000,000 overlooked in the council's methods of bookkeeping on the displacement of the horse traction system. Besides, on 'improvements undertaken or proposed in connection with tramway schemes, a substantial, but as yet unascertained, proportion of £387,488' should have been charged to tramways capital account, whereas it was set down to the general improvement account, and on 'improvements for the purpose of general traffic a considerable, but as yet unascertained, proportion of £864,121 should also have been charged to tramways capital account.'

"That is, up to March 31, 1907, the London county council tramways, instead of earning profits of \$1,500,000, were anywhere from \$4,000,000 to \$6,000,000 behind hand on the accounts mentioned, with nearly another million dollars arrearages on renewals and central office charges.

"Here is one of the fatal flaws in municipal ownership: By an erroneous allocation of costs the general municipal treasury may for a time carry the burden of low fares, blunders and liberality in general—to come to a disastrous end on a day of judgment literally as sure to arrive as taxation. The fatal flaw of municipalism is in the finances—that is, deficits must be made up by taxes."

One of the chief appeals of M. O. agitators to labor union men is that cities are better employers than private companies. Glasgow especially has been held up as a model in this particular. Mr. Sullivan, however, presents figures which go to prove that the tramway department of that city has great difficulty in getting along with its men:

"In the seven electricity years of the tramways, 1902-8, the total number of men leaving the traffic service alone was 3,612. Of these, 1,228 were dismissed and 2,384 resigned. In the other branches of the service—the permanent way force and the car works force—the total that left through dismissal or resignation in the seven years was 5,634. The grand total of vacancies, including the 3,612 traffic force, is therefore 9,446.

"The total number of men employed in all the tramway branches, by years, for the seven years (ending May 31 each year), was: 1902, 3,224; 1903, 3,808; 1904, 3,751; 1905, 4,480; 1906, 4,100; 1907, 4,990; 1908, 4,580. The teaching of these various sets of amazing figures is that in the land where frequently a job descends through generations the municipality of Glasgow loses its tramway employees at a rate equalling the entire force every four years. The motormen and conductors go at the rate of all hands in each four and a half years.

"These facts and the forestalling of unemployment by the force through the obligatory department benefit society wipe out all possibility of the street car men of America clamoring for model Glasgow's municipal ownership conditions for themselves."

Swiss Army Repeating Rifle

No. 41. SHOOT 13 TIMES.

Made by the Swiss Government. Cost \$40 each to manufacture in stupendous quantities, but owing to said Government making a change from a lead to a steel ball an unheard-of sacrifice sale was made, and we were put in position to buy the guns at a price to enable us to offer the following bargain: A marvel of accuracy. Just the thing for big game. Kills at 2,000 yards. Fine to have around the home for protection. No better gun ever made. Guaranteed to be in perfect condition. Made of finest tempered steel. Perfect workmanship. Buy now. Supply limited. You will never have the chance again to get a \$40 gun for \$4.95.

NATURE'S WARNING.

Maysville People Must Recognize and Heed It.

Kidney ills come quietly—mysteriously. But nature always warns you. Notice the kidney secretions. See if the color is unhealthy—If there are settlements and sediment. Passages frequent, scanty, painful. It's time then to use Doan's Kidney Pills. To ward off Bright's disease or diabetes. Doan's have done great work in this locality. James W. Cottingham, East Second street, Vanceburg, Ky., says:

"About two years ago my back became lame and I had almost constant pain across my loins. It was all I could do to drag one foot after another and I was actually too weak to work. The kidney secretions were scanty and I had a difficulty in passing them. I was laid up at one time for a month and could not leave the house. When Doan's Kidney Pills were recommended to me, I procured a box and began their use. My kidneys were soon restored to their normal condition, I became strong and have had no trouble since. It gives me the greatest pleasure to recommend Doan's Kidney Pills to other persons suffering from kidney complaint."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

IT IS WITH PRIDE WE POINT TO OUR FURNITURE

We know how good it is. We know the quality of the wood that goes into it, how the wood is dried and treated before it goes in the hands of the manufacturers, how carefully and skillfully each and every piece is fashioned. We know it's honest Furniture. We know it's going to give perfect satisfaction. So you see it isn't any wonder that we are proud of it.

Then, again, it is a source of great satisfaction to know that so many people tried our furniture, and so well pleased that they are now sending their friends to our store to make their purchases. "One pleased customer is our best advertisement." If you desire credit in making your purchases, you will find our system the best that has ever been devised—the most liberal, confidential, and no red tape. Give us a trial.

Autos with Dog Kennels.

The dog trotting contentedly along between or just back of the rear wheels of a carriage is one of the pleasant remembrances of the time when the horse was supreme, but horse and dog were both rudely disturbed by the advent of the automobile.

Automobiles run too fast for a dog to trot along beside, and as there is not room within the automobile for anything larger than a lap dog the coach dog had to go.

One English automobile firm is now manufacturing an automobile body that opens at the back, disclosing a roomy kennel for dogs, but it is probable that although better than nothing at all this arrangement will not be completely satisfactory to either dog or masters.—Popular Mechanics.

Aged British Statesman.

Lord Ripon, at the age of 81, recently resigned from the British cabinet. The long span of his political life is suggested by the fact that he also sat in Palmerston's cabinet. Entering parliament in 1852, he has since filled several of the great offices, having been at the head of the war office, the India office, the admiralty, besides serving five years as Viceroy of India. And in old age he has preserved not only vigor and sagacity, but an alert hopefulness of spirit.

An Alluring Prospect.

"So you think you would like to journey in Africa?"
"Yes," answered Mr. Cumrox. "I fancy it would be a sweet relief to travel in a country where there are no overworked railway ticket sellers, nor Pullman porters, nor hotel clerks, nor Laid waiters."
